

Michael Casteel's SOULutions Presents  
***The Transformational Wisdom of the Enneagram***

The Enneagram is a profound transformational tool that helps us uncover our deepest motivations and fears. It's also a psycho-spiritual tool that provides much more than a personality profile, but a way to move beyond our ego (false self) to our spiritual essence (true self).

The Enneagram system uses the geometric symbol to map the nine fundamental personality types of human nature as well as the very complex interrelationships between the various types. Knowing your Enneagram type can give you instant awareness of your ego's core fears and desires.

In this workshop, you will learn to use the Enneagram to:

- Create awareness of your core motivations
- Learn valuable self-observation skills
- Gain mastery over your fears
- Discover your heart's true desires
- Uncover the most virtuous parts of your personality
- Learn better relationship skills
- Transcend your ego to your spiritual essence

By learning and accepting the behavior patterns of our ego personality, we can create greater abundance and appreciation for the preciousness of life. Join Michael for this innovative one-day workshop on Saturday, August 22nd. Cost for the workshop is \$99 and satisfaction is fully guaranteed. After registering, go to [MCSOULutions.com](http://MCSOULutions.com) and click on the Enneagram on the top navigation bar to learn your Enneagram Type.

***Space is Limited to 16 Participants.***
